More than Football

Madrid, the capital of Spain and a cosmopolitan city, is one of the European destinations with the best tourist infrastructures. It also has an impressive cultural and artistic heritage, along with an exciting legacy of centuries of history. But Madrid is much more.

Here you will be able to appreciate the artistic richness of its museums, with special emphasis on those that form the so-called Golden Triangle of Art, with the Prado, Thyssen-Bornemisza and Reina Sofia.

Contemplate the charm of its main squares and streets, with emblematic places such as the Plaza Mayor or the reborn Gran Vía, full of life with its typical terraces and tapas bars.

Appreciate the welcoming spirit of the city, always with a great cultural and leisure atmosphere and, of course, taste one of the most varied and appreciated gastronomies in the world, a mixture of tradition and modernity that will leave an indelible memory in all visitors.

You can **enjoy** its spectacular sunsets, its light and the warmth and friendliness of its people, rooted in the popular culture and present in every corner and neighborhood of our city.

The football capital of the world. The city where no one feels like a foreigner. The city that never sleeps ... Madrid is always there, with its magnificent cultural, historical, commercial, leisure, gastronomic and sporting offer.
